PROFILE

I'm a full stack software developer passionate about building high-impact products with high-quality code. Seeking/sharing knowledge and mentoring colleagues is core to my work ethos.

Throughout my education in Chemical Engineering and professional experience in technical sales, my constant curiosity has driven my pursuit of solving problems, increasing productivity, and making peoples' lives easier with code!

If you're looking for someone who's highly motivated and who enjoys being pushed creatively, let's chat!

SKILLS

HTML	React.js
CSS	Vue.js
JavaScript	Express.js
TypeScript	MySQL
SASS	Firebase
Tailwind	MongoDB
Node.js	AWS Lambda
WebPack	Amazon RDS

EXPERIENCE

Junior Full Stack Developer | Layerr.xyz

OCT 2022 - PRESENT, ONTARIO, CA

- Developed front-end components for core product MVP using technologies like JavaScript, React.js, SASS, AWS Lambda, and React hooks for Ethereum.
- Contributed to backend applications by developing a server that utilized RESTful APIs and by writing MongoDB queries with Mongoose to update/retrieve data.
- Frequently engaged in requirement gathering and analysis by directly interacting with clients and designers in order to fully understand their needs and expectations while adhering to best practices and industry standards.

Teaching Assistant, Web Development | Brainstation

JUL 2022 - OCT 2022, ONTARIO, CA

- Mentored students through office hours and one-on-one communication.
- Conducted code reviews and provided feedback for ~20 students.
- Maintained atmosphere of academic learning and advancement to facilitate learning and development of problem-solving skills.
- Facilitated Whiteboarding sessions, review sessions, and daily algorithmic challenges.

Account Manager | Rockwell Automation

JUL 2019 - APR 2022, ONTARIO, CA

- Achieved 100% of annual sales revenue target by Q2, finishing with 101% YOY growth by listening and understanding customers and their best opportunities for productivity.
- Influenced and worked closely with cross functional teams to qualify opportunities and engage appropriate resources to secure more than \$3.74M in sales.
- Mentored, supervised, and delegated sales pursuit activities to domain experts and distributors.

EDUCATION

Brainstation | Diploma, Web Development

APR 2022 - JUL 2022, ONTARIO, CA

University of New Brunswick | BSc. Chemical Engineering

JAN 2014 - 2019, NEW BRUNSWICK, CA

- Dean's List Award: 2015 - 2019, final GPA 3.7 / 4.3
- Senior Design Symposium First Place Award: 2019

PROJECTS

inStock | React - Express.js - SASS - JavaScript - HTML

- Successfully completed project on time with 3 team members with tools like Gitflow, Jira, and following agile methodologies.

Personal Portfolio | React - Tailwind - JavaScript - AOS

- Used React, Tailwind, and React Libraries to complete personal portfolio website following completion of BrainStation's web development program.
- Featured projects include technologies like server-side rendering, authentication and authorization, and relational databases.

Markdown Editor | Tailwind - TypeScript - Zustand

- Fully responsive in-browser markdown editor with persistence.
- Dark mode toggle achieved with Tailwind utility classes.
